*Our Children, Our Community, Our Future*

## News to Roar About!

It is hard to believe but The Lion Foundation just marked our 15th year. During this time, YOU—our donors—have had an impact on our classrooms, arts venues and playing fields when tax dollars fell short. Because of your support, WE have been able to do some amazing things during that time. Since 2003, we:

- Gave out more than 750 grants allocating over \$1.3 million to benefit the Camp Hill School District.
- Built and fully funded the Pollock Performing Arts Center through the Grace Milliman Pollock Endowment.
- Helped fund the Siebert Stadium renovation and established an endowment for future upgrades to the complex.
- Established an endowment to support future needs of Camp Hill School District students.

Our students, athletic teams, artists, clubs and community members benefit from these achievements.

None of this would be possible without the hundreds of volunteers and donors who make pursuing our mission possible. Every donation to The Lion Foundation makes a difference for students and all of us who live Camp Hill.

Thank you and Happy New Year!

*Robin*

Robin Jones, Executive Director

## Ways of Giving...

**Honorarium & Memorial Donations (10/1/18 to 12/31/18)**

- AFR Foundation in Memory of Anne F. Ruggaber
- Nancy Besch in Memory of Dorothy Grim
- Chris and Carrie Knight in Honor of Jim Knight
- Burke and Barbara McLemore in Honor of Rob and Sarah McLemore
- Jo Mitchell in Memory of Barb and Steve Schultz
- Frederic Sanford in Honor of Elizabeth Beckley
- Frederic Sanford in Honor of Karen E. Minnehan and Thomas S. Beckley
- The Zerby and Marucci Families in Memory of Pat Anastasio

# MAKING THINGS HAPPEN

## EMR Training Program Underway at Camp Hill Fire House

This year The Lion Foundation funded a collaborative effort among Camp Hill High School, the Camp Hill Fire Department and Harrisburg Area Community College to provide students with hands on job training and insight into the medical and emergency services fields while earning high school credit and valuable certifications through the Pennsylvania Department of Health Emergency Medical Responder (EMR) certification program. As part of the program, students spent several mornings a week last fall gaining skills related to ambulance services in Pennsylvania. During the spring, they turn attention to fire training. This important program is also possible thanks to support from donors including Camp Hill Borough, Capital Region Insurance Agency, Inc., Jim Novinger, Kristin Novinger and Service 1st Restoration & Remodeling, LLC.

## 3rd Grade iPads Make Learning Fun

The Lion Foundation recently funded seven more iPads for the third grade, bringing the total for the grade to 32. With 32 iPads to share, each third grade class now has at least 6 per classroom, allowing students to benefit from technology in daily lessons from all areas of the curricu-

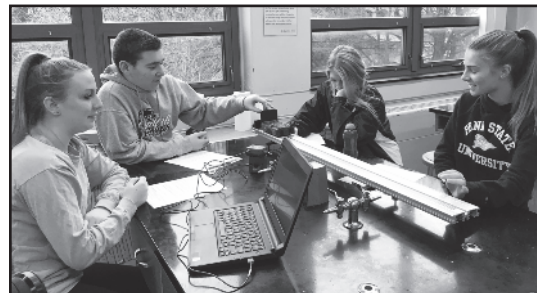

lum, including guided reading, guided math, science and social studies. Thank you donors!

## Actors Connect Students to Shakespeare

Thanks to a grant from The Lion Foundation, Gamut Theatre actors visited Camp Hill High School A/P English classes last fall in an effort to explore Shakespeare in more depth. For the first lesson, Mr. Clark Nicholson, Gamut Artistic Director, led students through readings of Shakespearean monologues from *The Merchant of Venice*, *A Midsummer Night's Dream*, and *Romeo and Juliet*. In the process, he showcased the importance of sounds used in the speeches as essential to making sense of their meanings. Students discussed a wide range of poetic devices (antithesis, meter, rhyme scheme, poetic form) as well. A second lesson focused on *Macbeth* and the textual incongruities of Lady Macbeth's sleepwalking soliloquy.

## High School Gets a NEW Physics Lab

Camp Hill High School's new physics teacher received funding from The Lion Foundation and the Craig Zerby Science Fund to inject modern physics lab equipment into his curriculum. The equipment makes it possible for students collect and analyze data that

illustrates concepts such as motion, forces, energy, momentum and periodic motion.

Students also have access to new track systems w/carts and friction pads, bumper and launch kits, rotary motion sensors and accessories, and force and acceleration sensors to enhance learning in this important subject area.

## FEBRUARY MATCHING CHALLENGE - EVERY DOLLAR COUNTS TWICE!

During the month of February, The Lion Foundation's Board and Emeritus Board members pledge to match all donations dollar-for-dollar. You double your donation!

The Lion Foundation funds programs and activities in the Camp Hill School District THAT WOULD NOT BE POSSIBLE WITHOUT FINANCIAL ASSISTANCE. This includes award-winning schools, well-educated children, the ability to attract and retain exceptional teachers—all elements of a community that fuel high property values. People want to move here with their children...specifically for the schools.

Please consider donating to The Lion Foundation by Thursday, February 28th to leverage your dollars with this generous matching challenge. Contact The Lion Foundation (717-775-5170; office@thelionfoundation.org; www.thelionfoundation.org) to make your pledge today!

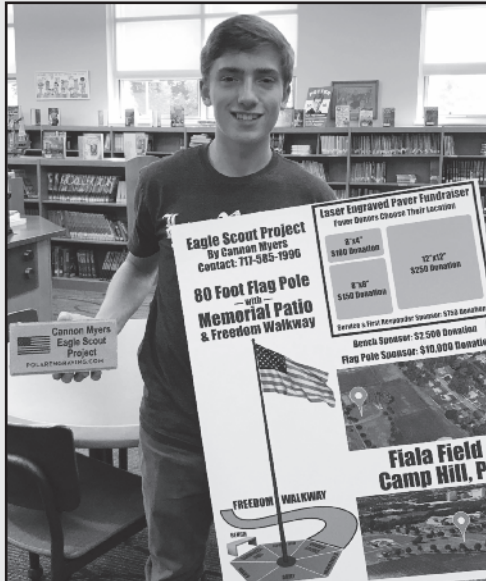

# Our Grants Make Things Happen...

## SHOW YOUR SUPPORT: Help with a local Eagle Scout Project

With support from The Lion Foundation, a local Boy Scout, Cannon Myers, is spearheading a community project that features an 80-foot flagpole with a large American flag waving at the top. It will be located between the tennis courts and the baseball stadium at Fiala Field. A paver patio and benches—split up into six sections to commemorate the five branches of the military and first responders—will surround the flagpole. Easily visible from all athletic fields at Fiala Field, the flagpole—one of the tallest in the area—will provide a place for Camp Hill sports teams to hold pregame ceremonies. The patio and benches will provide a place for rest and reflection for the entire community.

To execute this project, Cannon is raising funds through the sale of custom, laser engraved pavers. Supporters can choose to place a paver in any of the six sections to honor a member of the Army, Navy, Air Force, Marines, Coast Guard or First Responders. Pavers purchased in a family's or business' name will form a walkway that connects the project with the path in the middle of Fiala.

Brick sales for this project ends on January 31st. Forms for ordering bricks are available in the Camp Hill Borough office or by contacting Cannon Myers directly at cannonm1023@gmail.com.

## 2019 Camp Hill Alumni and Staff Wall of Honor Recognizes Gregory Sutliff

The Lion Foundation announces the recipient of the Camp Hill Alumni and Staff Wall of Honor Award. The 2018 recipient of this distinguished honor is Mr. Gregory Sutliff, the Valedictorian of the Camp Hill High School Class of 1949.

After graduation, Mr. Sutliff attended Brown University under a United States Navy Scholarship. He later spent three years serving on the USS Soley and with the 3rd Battalion 3rd Marine Division in Japan as a naval gunfire controller.

Upon return from the military, Mr. Sutliff attended Dickinson Law School in 1959 and began working full-time as a dealer at Sutliff Chevrolet, eventually rising to general manager in 1962. During his career, Mr. Sutliff became Chairman of the National Chevrolet Dealer Council and joined the boards of the Pennsylvania Dealer's Association, the National Dealer's Association, Commonwealth Bank, Capital Blue Cross, Polyclinic Hospital, the

Camp Hill School District and The Lion Foundation. He also served a term on the Camp Hill Borough Council.

Mr. Sutliff remains a major United Way contributor. The Sutliff Family Auditorium, located in the Camp Hill High School, is named in his honor. The Greg Sutliff Auditorium at the Penn State University Law School named in his honor as well.

Courtesy of the U.S. Navy, the U.S. Marines, General Motors and his own wanderlust, Mr. Sutliff has enjoyed many travels over the years. He is married to Susan Sutliff and they have six children (all graduates of CHHS) and 13 grandchildren. He has lived in Camp Hill for 78 of his 86 years.

As The Lion Foundation's most recent Wall of Honor recipient, Mr. Sutliff will be honored during an in-school assembly and recognized at The Lion Foundation Winter Celebration on February 2, 2019. Congratulations to Mr. Sutliff on this most deserved honor!
